SCOPE OF WORK:

Project includes design and reconstruction of three (3) major intersections at Hazelwood, Avenue, Lilac Street, and Monitor Street. Improvements are intended to increase traffic flow and provide safety improvements to the corridor. Detailed traffic control with multiple phases and construction sequencing is required.

STATUS: Preliminary Engineering contract is being executed.

SCHEDULE:	Summer 2009	Start Preliminary Engineering
	Spring 2010	Complete Final Design
	Summer 2010	Start Construction
	Summer 2011	Complete Construction
